COURSE DESCRIPTION:

This course is required of psychology majors and recommended for all students who want to master the APA writing style. This course is an introduction to the effective use and application of APA style writing. Pre-requisites: PSY101 and ENGL 1010.

SOCIAL SCIENCE PROGRAM OBJECTIVES

As an outcome of taking courses in the Social Sciences Program, students shall:

1. Demonstrate the ability to examine human behaviors in a structured and organized way as a means of understanding the human condition. Measured by examination and/or oral and written reports.
2. Demonstrate the ability to recognize the ideas, people and events that are generally thought to be important by social scientists. Measured by examination and/or oral reports.

3. Develop a perceptual frame or reference based on social scientific knowledge. Measured by the presence of an attitudinal frame of reference which would be expressed in written or oral activities.
4. Exhibit concepts of critical thinking and scientific methodology in examining human behavior. Measured by the presence of an attitudinal frame of reference which would be displayed in written or oral activities.

MAJOR COURSE LEARNING OBJECTIVES:

Upon successful completion of this course the student will be expected to:

1. Identify and locate relevant journals and databases in psychology.
2. Utilize critical and creative thinking skills, skeptical inquiry, and the scientific approach to solve problems related to behavior and mental processes.
3. Write with a basic understanding of the APA style and format.
4. Understand the nature of differences between fact and theories, and opinions and empirically based statements.

COURSE METHODS:

The course will be as a lecture/ lab format with each student asked to consider particular questions during class discussions and reading material, and comment in the class on these issues. We will also be doing a fair amount of in class work with our different topics both independently and in groups. We will focus on:

1. Readings in relevant texts and articles
2. Lectures which discuss the readings
3. Small group work
4. Individual work
5. Examination of the relevant literature in the field
6. Testing of related work
7. Final paper presentation

Email is the preferred method for contacting the professor outside of class.
When emailing the professor the subject line should read **APA writing class.**

GENERAL CLASS CONDUCT

ALL CELL PHONES <u>OFF</u> WHEN YOU ENTER THE CLASSROOM
--

Attendance at all scheduled classes is required.

Disruptive Behavior

Students are expected to approach the class as mature adults and to conduct themselves accordingly. While questions and interaction with the instructor are

encouraged during the seminar, disruptive remarks, behavior and unnecessary personal conversations between students will not be tolerated. At times a topic or topic matter may contain sensitive issues. It is imperative that we all conduct ourselves with respect for others even should we disagree with someone's view point. Our classroom is a "safe" space, which requires that students agree to keeping sensitive matters confidential, and to respect each other's privacy with regard to personal remarks in classroom. Students who evidence disruptive behavior will be asked to leave class immediately. Should other students feel that their learning is being disrupted, please contact the instructor immediately to resolve the situation.

Please do not:

Come in late or leave early. It is imperative that you make the commitment to be in class the entire class length.

Doing other work or other activities aside from the classwork that is being presented or assigned.

Sleeping during the class.

Listening to I-pods or other portable music/audio devices.

Talking or texting on cell phones.

Making jokes or having discussions with others in the class that would be disruptive to others.

Talking out turn, making disparaging comments or other types of behavior that is not conducive to the learning experience for students.

These are all considered disruptive behaviors, though this is not an exhaustive list.

**For more details, please see the disruptive behavior policy at:
<http://www.dixie.edu/humanres/policy/sec3/334.html>**

REQUIRED MATERIALS

Texts:

1. Publication Manual of the American Psychological Association, Sixth Edition by American Psychological Association (Jul2009). ISBN: 9781433805615
2. Short Guide to Writing About Psychology(3rd Edition)(The Short Guide Series) by Dana Dunn (Jan 30, 2010). ISBN: 9780205752812

Final Paper

Students will be required to submit a final paper, inclusive of a literature review, with at least 5 scholarly resources. 8-10 pages. (100 points) During our scheduled finals time, each student will briefly present their paper to the class, and discuss their findings. 5-10 minutes.

Make Up Policy

As a rule, there will not be any make up exams or assignments in this course. Talk further with the instructor for excused absences as per college policy.

The professor reserves the right to assign activities as is deemed necessary during the semester.

READING ASSIGNMENTS:

You will be expected to complete the required reading assignments outlined in the course schedule, regarding assessment issues, prior to class and incorporate this learning into your comments during lecture and case presentations.

Referrals:

Many psychology courses, often provide students with self reflection oriented readings and activities. At times, this reflection can trigger emotional responses, or other types of reactions that can cause significant personal distress or upset. Sometimes these responses are from past issues, or traumas, or other things happening in a student's life. While I am able to understand this, as a clinician, and have training in the area of therapeutic intervention; as a faculty member, I am unable to engage in a relationship of this nature with my students. It is unethical, according to the field ethics code, and it is also considered a dual role relationship, which is highly discouraged. Should you find yourself in a situation of this sort, I would be happy to make a confidential referral for you, to our college counseling center, and provide any support I can to find you some resources. Again, unfortunately, I cannot serve you in a therapeutic role, but I am very happy we have the counseling center available to students for just such situations.

Disability Accommodations:

Students with medical, psychological, learning or other disabilities desiring reasonable academic adjustment, accommodations, or auxiliary aids to be successful in this class will need to contact the DISABILITY RESOURCE CENTER Coordinator (Baako Wahabu) for eligibility determination. Proper documentation of impairment is required in order to receive services or accommodations. DRC is located in the North Plaza Building. Visit or call 652-7516 to schedule appointment to discuss the process. DRC Coordinator determines eligibility for and authorizes the provision of services.

College resources:

Several college resources are available to help you succeed. Check out the links for each one to get more information. If you need help understanding the content of your courses, go to the **Tutoring Center** located in the Browning Learning Center, Room

105. There is a schedule of what courses have tutors at what times outside the door. You can also visit them online at <http://dsc.dixie.edu/tutoring/> If you need help writing papers, go to the Writing Center in the Browning Learning Center, Room 105. You can also visit them online at http://new.dixie.edu/english/dsc_writing_center.php

If you are assigned to take a test in the Testing Center, go to the North Plaza. You can get information on their website at <http://new.dixie.edu/testing/>

The Library has all kinds of information and resources. Visit the Val Browning Library or go to the library website at <http://library.dixie.edu/>

Academic integrity:

DSC believes that most students are honest. However, cheating will not be tolerated, and if discovered, a zero grade will be given for that assignment or exam, and you will not be allowed to make it up. Repeated or aggravated offenses will result in failing the course. Any time you take credit for work you did not do, you are cheating. This includes getting the answers to homework problems from someone else, copying information from a library or internet source and presenting it as if it were your own words which is called plagiarism. Plagiarism is a particularly serious offense in academia.

Looking at someone else's answers on an exam, and asking someone who has already taken a test about what questions it contains also constitutes cheating. This course has been designed to minimize the temptation to cheat, however it is not the job DSC or the instructor to make things "cheat proof." If you cheat and are not caught, it doesn't mean that you "beat the system." It means you violated the Student Code and forfeited your integrity.

For further information on the Student code please refer to <http://library.dixie.edu/policies/studentcodesectionfour.pdf> page 8. DSC is committed to helping students honor the student code and to have consequences for those who do not abide by its standards.
