

DIXIE STATE UNIVERSITY
PSYCH 3000-02 CRN-45629
STATISTICAL METHODS IN PSYCHOLOGY
Monday & Wednesday 1:00p – 2:15p (Room McDonald 207), and
Wednesday 2:30p-4:15p (Room McDonald 111)
FALL SEMESTER, 2014

PROFESSOR: Kristine J. Olson, Ph.D.

OFFICE HOURS: McDonald, Room 212; Tuesday, Thursday: noon-230p
Wednesday 4:15p-5:45p

TELEPHONE: 435-879-4405 (office) (least effective method to reach me)

EMAIL: kjolson@dixie.edu (best and preferred method to reach me ☺)

REQUIRED TEXTBOOK

Fundamental Statistics for the Behavioral Sciences, 7th Edition or 6th Edition by David C. Howell
ISBN:0495811254 for the 7th Edition
ISBN:0495099007 for the 6th Edition

REQUIRED SOFTWARE

IBM SPSS Single User License. This is required and will cost about \$60. You can find information at www.onthehub.com. You will need the 6 month rental. It is a program you download from the internet. You can either load the software on the lab computer for your use, or you can load the software onto a personal laptop that you can bring to class. Please ask the instructor for further details.

RECOMMENDED TEXTBOOK

Publication Manual of the American Psychological Association, Sixth Edition by American Psychological Association (Jul 2009). ISBN: 9781433805615

COURSE DESCRIPTION:

Required of Psychology majors. An introduction to and application of statistical methods in psychological research. Students will design and measure psychological constructs, select, compute, and interpret descriptive and inferential statistics, use computer technology to facilitate statistical analyses, accurately represent the results of statistical analyses, and critically analyze methodological and statistical arguments. Combined lecture / lab. Prerequisites: PSY 1010; and MATH 1040; Psychology Major or Integrated Studies Emphasis in Psychology major; or instructor permission.4 credits.

PSYCHOLOGY MAJOR

This is required for the Psychology Bachelor degree (BA/BS)

OTHER MATERIALS

You may bring your laptop to class. PowerPoint slides will be available on CANVAS <https://canvas.dixie.edu/> . Please bring a notepad and pen/pencil to each class so that you are able to participate in class Tests and other in-class activities.

COURSE LEARNING OBJECTIVES

This course will meet the following Psychology Learning Objectives:

LEARNING GOAL 1: RESEARCH METHODS IN PSYCHOLOGY: Understand and apply basic research statistics in psychology, including research design, data analysis, and interpretation.

LEARNING GOAL 2: CRITICAL THINKING SKILLS IN PSYCHOLOGY: Respect and use critical and creative thinking, skeptical inquiry, and, when possible, the scientific approach to solve problems related to behavior and mental processes.

LEARNING GOAL 3: APPLICATION OF PSYCHOLOGY: Understand and apply psychological principles to personal, social, and organizational issues

ATTENDANCE

Please refer to <http://www.dixie.edu/humanres/policy/sec5/523.html> for a full explanation for the DSC Attendance Policy. Regular and prompt attendance in classes and laboratory sessions is expected of every Dixie State College student. An absence does not excuse a student from completing work missed. It is the student's responsibility to find out which assignments are missed during an absence.

Students who must miss class because of a college-sanctioned activity, such as an athletic event, club activity, class assignment, or other approved event, are responsible to assuring that their instructors have been notified and for completing any missed assignments. By the second day of class, students with recurring absences must provide each instructor written notification from the appropriate department that includes a schedule of competition, the names of those students on specific teams likely to travel, and the dates and approximate times of departure and return to campus. So that student participation in travel can be verified, the appropriate department will be responsible for informing individual faculty of changes to team rosters and travel schedules throughout the semester. One week prior to an absence, the student will meet with the instructor to arrange a reasonable accommodation, if feasible, to allow the students to complete any missed coursework and/or exams. The instructor may require the student to submit work prior to the due date if the student will be absent. It is the student's responsibility to complete the student absence schedule with the instructor and abide by it. Students with recurring or frequent absences from a course are required to check their schedules against the course syllabus and provide a list of expected absences for the semester by the second day of class. Upon reviewing the list, the instructor may determine that the absences will interfere with the student's ability to succeed in the course. If so, the instructor will recommend that the student seek an alternative.

CLASS POLICIES AND DISCIPLINE POLICY

1. Turn off/silence any cell phones. Phones ringing/vibrating can be very distracting for everyone.
2. Come to class on time. It can be distracting to have students coming/going at different times. Make an effort to either come early or on time to class. Also, please make every effort to stay for the entire class period. If arriving/leaving on time is going to be an issue, please contact me so we can resolve this.
3. Read text before class session. This will only help you to better understand the material. If you read the text before class you will be prepared to ask questions during lecture.
4. Check CANVAS and dmail regularly.
5. This course is designed so that you spend six to nine hours per week between in-class participation and out of class activities.
6. This course will operate on the philosophy that active engagement with material fosters quality learning. There will be ample opportunity for in-class activities and discussion, both in small groups and with the entire class. Students are expected to read assigned text prior to class and be prepared to participate in class.

7. Students are expected to coordinate in-class small group work effectively.
8. Each student will have courtesy and respectful behavior towards each student and the instructor. Students will refrain from making harassing and discriminating comments in the classroom. Students will be respectful and open-minded about diverse viewpoints expressed in the classroom. Teachers at Dixie State College have the right to manage the classroom environment to ensure a good learning climate. Toward this end, teachers (or college security) may dismiss and remove disruptive students from individual class activities. If a student's behavior continues to disrupt class activities, the teacher may dismiss and cause the removal of disruptive students from their course. Please refer to the DSC Academic Discipline policy for more information:

<http://www.dixie.edu/humanres/policy/sec3/334.html> or
www.dixie.edu/humanres/policy/sec5/533.html

Faculty Rights and Responsibilities:

- To establish and implement academic and behavioral standards for the classroom
- To clearly outline expectations, verbally and in syllabi
- To address any inappropriate behavior
- To involve other offices (Dean of Students, Campus Police, etc.) when circumstances arise
- To make a determination regarding possible responses and outcomes for inappropriate behavior within the faculty member's class

What is disruptive behavior?

Disruptive behavior may best be defined as any behavior that inhibits an instructor's ability to conduct class, or behavior that limits another student's ability to benefit from instruction – including conduct, speech, or activity that interferes with the learning activities of other students. Some examples of disruptive behavior may include:

- Physical violence, verbal abuse, or harassment
- Sleeping in class
- Not facing forward in the class
- Putting your feet up on chairs and desks
- Intoxication or illegal drug use
- Use of profanity
- Having side conversations with classmates
- Failing to respect others when expressing their own viewpoints
- Talking while the instructor or another student is talking
- Arriving late to class
- Constant questions or interruptions that interfere with classroom presentation

Students engaging in disruptive behavior will be asked to immediately leave the classroom. If the student does not voluntarily leave the classroom, campus security can be called at DSC Campus Police immediately by calling 437-619-1144 or 435-619-1145.

If you believe that a student in the class is interrupting your ability to learn please notify the instructor as soon as possible so that the issue can be remedied.

9. You will receive grades for completed assignments within 1 week (7 days) of your submission. I will respond to your emails within 24-48 hours (I am usually able to respond within 12-24 hours). However, there is a high probability I will not respond to emails on Saturday and Sunday. Thus, if you email me on Friday at 5pm, there is a high likelihood that I will not respond to you until Monday.

EARNING POINTS IN THIS COURSE

Academic Integrity Agreement. You must complete this assignment on CANVAS the first week of class. Please find the 'Academic Integrity' assignment in CANVAS, read the agreement and enter text in the assignment box indicating that you have read, understand, and agree to the SBS Academic Integrity Policy. A copy of this policy is located in this syllabus. Failure to complete this assignment will result in your receiving a grade of "F" for the entire course. Further, your grades from course assignments will not be released to you until you complete this assignment.

Homework Assignments (5 points each; 14 assignments , you can drop one assignment = 65 points total):

You will be assigned homework for each chapter. You are graded on completion, not for correctness. All odd-numbered questions have answers in the back of the book. It is your best interest to understand and genuinely do your homework since variations of many of the Exam questions will come from these homework assignments.

Lab Exercises (8 points each; 18 lab days, you can drop one lab; 136 points total):

There are several lab exercises you will complete. The exercises are due at the end of lab. Late exercises will be deducted 10% if turned in late the same day of class. Then, the late penalty will of 20% will be deducted for each calendar day the assignment is late.

Exams (50 points each; 3 exams = 150 points total). Three exams will be administered during the course. Tests may include True-False, Multiple Choice format questions, short answer questions, as well as computations. These tests will be relevant to what is covered in lecture, lab, and the text. You can contact the instructor during office hours to discuss test grading. Exam questions will come from four sources: (1) "A Quick Review" from the end of each chapter, (2) assigned homework questions, (3) concepts covered in lab, (4) lecture, and (5) defining "Key Terms".

Extra Credit

There may be an opportunity for extra credit, up to 10 points. The instructor will present any opportunities for extra credit to the entire class. The instructor will not provide extra credit opportunities on an individual basis.

LATE WORK AND MAKE-UP POLICY

Exams, cannot be made up or be submitted at a date/time past the assigned due date. Please arrange your schedule so that you are able to complete all course requirements on the designated time. If you know you will be out of class, you need to make arrangements to turn in your assignments or take your exam before the scheduled due date. Any homework assignments that are submitted late will be penalized 20% for each calendar day it is late.

Percentage (%) Letter Grade

100-93 = A	76-73 = C
92-90 = A-	72-70 = C-
89-87 = B+	69-67 = D+
86-83 = B	66-63 = D
82-80 = B-	62-60 = D-
79-77 = C+	Less than 60 = F

HOW TO SUCCEED IN THIS COURSE

Come to class, do the assignments, study, read the text, review notes, and do the review activities located at the back of chapters, ask questions, and be involved in the class.

TENTATIVE COURSE SCHEDULE*

Week	Date(s)	Topic	Assignment Due
1	8/25/14	Syllabus, Intro to Class	
	8/27/14	Chapter 1	
	8/27/14	Put SPSS on computers.	
2	9/1/14	HOLIDAY	
	9/3/14	Ch 2	Ch 1 Exercises: 4, 5, 7, 12, 13, 14, 17
	9/3/14	Entering data from a survey to SPSS Lab	
3	9/8/14	Ch 2 continued	Ch 2 Exercises: 1, 7, 9, 12, 15a, 15b, 17, 23
	9/10/14	How to Clean Data/ SPSS Basics Lab

15	12/8/14 12/10/14 12/10/14	Chapter 16 Chapter 16 One-way ANOVA Lab	
FINAL		EXAM #3 Look at Official DSU schedule to find date/time of exam.	

* SCHEDULED DATES ARE TENTATIVE AND SUBJECT TO CHANGE AT THE DISCRETION OF THE INSTRUCTOR

DISABILITY RESOURCE CENTER

Students with medical, psychological, learning or other disabilities desiring reasonable academic adjustments, accommodations, or auxiliary aids to be successful in their program of study should contact the Disability Resource Center within the first two weeks of the beginning of classes for eligibility determination. Proper documentation of impairment is required in order to receive services. DRC is located on the ground floor of the Financial Aid Office. You may call 652-7516 to schedule appointment for further information regarding the process to receive accommodations. DRC Coordinator determines eligibility for and authorizes the provision of services.

Contact the center for eligibility determination. Proper documentation of impairment is required in order to receive services or accommodations. DRC is located at the ground floor of the Financial Aid Office. Visit or call 652-7516 to schedule an appointment to discuss the process. The DRC Coordinator determines eligibility for and authorizes the provision of services.

TUTORING AND WRITING CENTERS

The Dixie State College of Utah Tutoring Center is located in the Browning Resource Center and is **free** for all registered Dixie State students. Tutors are available to assist you in clarifying concepts and class material, and in improving your study skills. The center also offers assistant with writing. Tutoring Center hours are Monday-Thursday from 9:00 am to 8:00 pm, and on Fridays from 9:00

am to 5:00 pm. Tutoring: <http://www.dixie.edu/tutoring/index.php> Writing Lab:
<http://dsc.dixie.edu/owl/>

LIBRARY

Please use the library! It is a great resource and the staff can help you find the materials you need.

ACADEMIC INTEGRITY POLICY

This policy is intended to supplement, and not replace, the official Dixie State University official policy on academic honesty and discipline:

<http://www.dixie.edu/humanres/policy/sec3/334.html>
<http://catalog.dixie.edu/codeofstudentrightsresponsibilities/>

It is the goal of the Department of Social and Behavior Sciences (SBS) to prevent academic dishonesty in all forms. This policy is intended to clarify and define academic dishonesty so that students are informed about various types of academic dishonesty and what sanctions will be applied in cases of academic dishonesty.

Academic honor and integrity is expected of every student, staff, and faculty member. Academic integrity includes a commitment to honesty, fairness, and respect. A lack of academic honor and integrity threatens and undermines the central mission of the department and the University. A lack of academic integrity impedes learning, teaching, research activities, moral development, and intellectual development.

Each faculty member and student is automatically subjected to the Dixie State University integrity policies. Ignorance of what constitutes a violation of academic integrity is not an acceptable excuse when being confronted with a violation.

Below, several forms of academic dishonesty are described. However, this is not an exhaustive list. If you have any doubt about what constitutes academic dishonesty, please discuss the issue with your instructor. You are better to ask details about the policy before you are confronted with an issue of academic dishonesty by your instructor.

Academic integrity violations include all forms of academic dishonesty, including but not limited to:

- **Plagiarism** – Students and faculty “do not claim the words and ideas of another as their own” (APA Publication Manual, p. 15). Intentional or unintentional representation of another’s words or ideas as one’s own in an academic exercise is plagiarism. Examples of plagiarism include but are not limited to:

(1) The exact copy of information from a source without proper citation and without use of quotation marks or block quotation formatting each time a source is used. If any words or ideas used in a class posting or assignment submission do not represent the student’s original words or ideas, the student must distinguish them with quotation marks or a freestanding, indented block quotation (for a quotation of 40 or more words), followed by the appropriate citation in accordance with the Publication Manual of the American Psychological Association. When a student copies information from a source, he or she must acknowledge the source with quotation marks or block quotes irrespective of whether or not the source has been formally published.

(2) Paraphrasing statements, paragraphs, ideas, language, and/or arguments without proper citation each time paraphrasing is utilized.

(3) Presenting work as the student's own that has been prepared in whole or part by someone other than that particular student. This includes the purchase and/or sharing of work.

(4) Failure to properly cite and reference statistics, data, or other sources of information each time that they are used in one's submission.

- **Self-plagiarism, multiple submission, double dipping, or dovetailing** – Submission of work that has been prepared for a different course without fair citation of the original work and prior approval of faculty. Students who submit assignments that were previously submitted in another course are subject to the same consequences they would face if they plagiarized these assignments. The use of one's previous work in an assignment requires prior written approval from the current faculty member and citation of the previous work.
- **Fabrication** – Falsification or invention of any information, citation, data, or document. This includes the invention or alteration of data or results, or relying on another source's results in any assignment without proper acknowledgement of that source. Fabrication includes citing sources that the student has not actually used or consulted.
- **Unauthorized Assistance/Cheating** – Use of materials or information not authorized by the faculty member to complete an academic exercise, or the completion of an academic exercise by someone other than the student. Students must rely upon their own abilities and refrain from obtaining assistance in any manner that faculty does not explicitly allow. This includes but is not limited to providing or receiving information about the content or the answers to an exam, use of faculty materials or answer keys, or a student having someone take his or her exam.
- **Copyright infringement or violation** – Acquisition or use of copyrighted works without appropriate legal license or permission. This includes written work as well as photos and figures that are protected by copyright laws.
- **Misrepresentation** – Falsely representing the student's situation to faculty when (1) justifying an absence or the need for an incomplete grade; or (2) requesting a makeup exam, a special due date, or extension of a syllabus or class deadline for submitting a course requirement.
- **Collusion** – Helping or allowing another student to commit any act of academic dishonesty.
- **Coercion Regarding Grading or Evaluation of Coursework:** Includes but is not limited to issuing threats or offering favors or bribes toward an instructor to coerce the instructor to change a grade or otherwise evaluate the student's work by criteria not directly reflective of coursework.

- **Facilitating Academic Dishonesty:** Includes but is not limited to knowingly helping another student commit an act of academic misconduct or failing to report another student for academic misconduct.

Student Reporting of Academic Dishonesty

- Any person who observes or discovers academic misconduct by a student must file a written complaint with the faculty member responsible for the pertinent academic activity within fifteen (15) days of the date of discovery of the alleged violation.
- A student's failure to report academic misconduct on the part of another can result in academic misconduct charges against that student.

Sanctions for Academic Dishonesty per the DSU Policies and Procedures Manual

If a faculty member has evidence of academic misconduct in a course s/he is instructing, the claim of academic misconduct shall be considered substantiated.

At the minimum, the faculty member will impose the following sanctions:

- Issue a grade of "F" for the paper, project, test, exam, or other academic activity in which the misconduct occurred.
- Report the incident to the Department of Social and Behavioral Sciences Chair and to the Dean of Students.

Additionally, the faculty, Department Chair, and/or Dean of Students reserve the right to impose the following sanctions:

- Immediately remove the student from the course and issue a failing grade for the course.
- Issue an academic probation.
- Issue an academic suspension.
- Issue an expulsion from DSU.

TESTING CENTER

You may be required to take Tests, except the Final Exam, in the testing center. Please contact the Testing Center to learn about their hours of operations and testing procedures. Testing Center - <http://dixie.edu/testing>

EMAIL

You are required to frequently check your Dmail account. Important class and college information will be sent to your dmail account, including DSC bills, financial aid/scholarship notices, notices of cancelled classes, reminders of important dates and deadlines, and other information critical to your success at DSC and in your courses. If you don't know how to access your dmail account, go to www.dixie.edu and select "Dmail" from the left column. To locate your dmail username and password, go to www.dixie.edu, and click on "Log in to student
