Text: Baumeister, R. F., & Bushman, B. (2010). *Social Psychology and Human Nature*, 2nd ed.. New York: Wadsworth. (Required). Note: There is a 3rd edition of this text as well. It will be more expensive. You may use either the 2nd or 3rd edition in this class.

Required supplemental readings will be assigned from time-to-time (see schedule below) and will be made available through Canvas.

I. Course Description

This course will provide you with a broad, general introduction to social psychology--its basic subject matter, its approaches to gathering and evaluating evidence about the social causes and correlates of behavior, and also the means by which social psychological knowledge can be applied to improve the quality of individual and communal life. This is a 3 credit course. The prerequisite is PSY 2000.

II. Learning Objectives and Outcomes Learning objectives represent what you will be expected to learn in this course. These learning objectives are posted on blackboard.

III. Class Policies

A. College approved absences. University policy explains in detail what needs to happen if you anticipate being absent from class because of a college-sponsored activity (athletic events, club activities, field trips for other classes, etc. Please read this information and follow the instructions carefully! The policy can be found at: <http://www.dixie.edu/humanres/policy/sec5/523.html>

B. Turn off all electronic equipment before entering the classroom (laptops may be used to take notes only). After the first week of class, if I see you using unauthorized electronic devices of any kind at any time in the classroom (or using a laptop for anything other than taking notes), I will deduct 5% of your total course points for each offense.

C. Arrive on time.

D. Avoid leaving early. Not only is this distracting to your fellow students, it's distracting to me. I do understand that occasionally people must miss part of a class. **If you intend to do so, please let me know and then sit near the door if possible**, so you can slip out without distracting everyone.

E. If you have questions, please ask. You may try to see me after class, but don't get frustrated if there is not time. Best: come by my office during office hours or set up an appointment with me. You are my priority at DSC. We can find a time that works for both of us.

F. **Attendance:** I won't take attendance but attending class is critical to successful learning.

IV. Earning Points in the Course

A. **4 Quizzes:** Taken at the testing center. Each quiz is worth 100 points. Drop the lowest score.
300 pts.

B. **Comprehensive Final Exam:** Taken in class from 9:30 – 11:30 on Tuesday, December 10th. The final is comprehensive, worth 150 points, and cannot be dropped. **150 Pts.**

C. **Social Psychology Film Analysis Paper:** In addition to entertaining us, films often offer detailed portrayals of human social behavior. Your task in this assignment is to analyze -- from a social-psychological perspective -- the behaviors and events depicted in a film taken from the list I will provide. You will not be asked to critique the film in terms of value as a work of art or as entertainment. Rather, you should think carefully about the human actions and events portrayed in the work. Then, to make sense of this material, apply what you've learned regarding the factors that predict and explain human social behavior. This assignment is comprehensive: this means that you should highlight any/all concepts encountered in this course that relate to the issues, interactions, and behaviors portrayed in the film. **More details will be provided in a separate handout.** This paper will be due by **Thursday Dec. 5th at Midnight.** You will submit it in Canvas. For every hour the paper is late I will deduct 10% from your grade.
100 pts.

D. Summary of Points Possible:

Quizzes	300
Comprehensive Final Exam	150

If you cannot take the quiz at the time it is offered, you receive a zero.** Presumably you will drop that grade. If you miss a second quiz and have a legitimate excuse (legitimate means that you face dire circumstances like

serious documented injury/illness) contact me and we will arrange for a make-up.

C. The quizzes will **not** be comprehensive; those quizzes will cover only the material since the previous quiz. Each quiz will consist of questions from both the book and lecture.

D. **The Final Exam will be cumulative (over the entire book and lecture).** It may **not** be dropped. It counts 150 points. **YOU MAY NOT DROP THE FINAL EXAM.**

I believe that most students are honest, and I don't want to punish everyone for the few that aren't. However, in order to ensure that the highest standards of academic conduct are promoted and supported at the University, students must adhere to generally accepted standards of academic honesty, including but not limited to, refraining from cheating, plagiarizing, falsification, misrepresentation, and/or inappropriately colluding or collaborating. The University shall consistently hold students accountable for instances of academic dishonesty and apply appropriate consequences. Definitions for some types of academic misconduct follow:

Cheating: Includes but is not limited to the use of unauthorized materials, information, or study aids in any academic exercise; failing to observe the expressed procedures or instructions of an academic exercise; substituting for or impersonating someone else during a test or exam or other fraud; or receiving the content of a test or exam before it is administered.

Plagiarism: Includes but is not limited to the use of another's words or ideas as if they were one's own, including, but not limited to, representing, either with the intent to deceive or by the omission of the true source, part of or an entire work produced by someone other than the student, obtained by purchase or otherwise, as the student's original work or representing the identifiable but altered ideas, data, or writing of another person as if those ideas, data, or writing were the student's original work.

Inappropriate collaboration or collusion: Includes but is not limited to unauthorized or inappropriate collaboration between students or between a student and any other person when individual work is required.

Multiple Submissions: Includes but is not limited to the resubmission by a student of any work which has been previously submitted for credit in identical or similar form in one course to fulfill the requirements of a second course, without the informed permission/consent of the instructor of the second course; or the submission by a student of any work submitted for credit in identical or similar form in one course to fulfill the requirements of a concurrent course, without the permission/consent of the instructors of both courses.

Falsification / Fabrication / Misrepresentation: Includes but is not limited to the intentional and unauthorized invention of any data, information, or citation in an academic activity.

Facilitating Academic Dishonesty: Includes but is not limited to knowingly helping another student commit an act of academic misconduct or failing to report another student for academic misconduct.

Coercion Regarding Grading or Evaluation of Coursework: Includes but is not limited to issuing threats or offering favors or bribes toward an instructor to coerce the instructor to change a grade or otherwise evaluate the student's work by criteria not directly reflective of coursework.

Academic dishonesty as defined in policy may be punishable by one or more of the following: a) Receiving a failing grade on the specific assignment where dishonesty was observed; b) Receiving a failing grade in the course; c) Immediate dismissal from this course; and d) Referral to the Academic Affairs Committee which may take actions such as reprimands, placing on probation, suspension, or removal from Dixie State University of Utah.
