***Degree (Department) Outcomes:*** This course is designed as a prerequisite to the Social Work Major at the University of Utah. The University of Utah has accepted this course as a prerequisite and a requirement for entrance into the distance education social work major in St. George. This course might be applied towards a social work major or minor at another university but students need to verify with that particular university whether or not they will accept the transfer credit. At this time Dixie State University does not offer social work as a major or a minor.

***General Education Outcomes:*** This course is an elective and does not qualify towards a general education requirement at Dixie State University.

**Course Objectives:** Upon successful completion of this course, students will demonstrate the ability to:

1. Recognize the distinguishing characteristics of the social work profession.
2. Identify and define the roles and functions of professional social workers in a variety of fields of practice.
3. Identify and clarify the knowledge and value components of professional social work practice.
4. Differentiate between a personal and a professional value system.
5. Identify the role of professional social workers with diverse, special, and at-risk populations.
6. Trace the history of the social work profession.

**Grading:** All students have the potential of earning an “A” in this class. Your graded assignments will be returned to you within one-three weeks. You will be graded according to the following point system:

### Quizzes and Tests/Assignments

- Students are expected to complete all of their assignments and exams as scheduled.
- Regular and prompt attendance in classes and laboratory sessions is expected of every Dixie State College student.
- An absence does not excuse a student from completing work missed.
- It is the student's responsibility to find out which assignments and information are missed during an absence. Get the notes from another student in the class.
- Assignments will be returned within ten business days.
- **Late assignments** received after the due date, or **quizzes and tests that are taken after the class has taken them** may **receive a penalty of minus 10%** of the points possible. No penalty will be assessed if there is a Dixie State-endorsed exemption (e.g., death in the immediate family). The excuse needs to be accompanied by adequate documentation, such as a death certificate, a medical professional's valid written note that explains why the deadline was not met. (Exception to the rule.) **Points will not be lost**, if prior arrangements (a dated written response, or a voicemail) to the instructor were made before the deadline or before the test or quiz has been given in class.

- It is the responsibility of the student to ensure that submitted work is in a readable format. Work that is submitted via a file that is empty, unreadable, corrupted, or otherwise not grade-able prior to the deadline will not be graded and will be scored as 0.

### University Approved Absences

Dixie State University Policy explains in detail what needs to happen if you anticipate being absent from class because of a university-sponsored activity (athletic events, club activities, field trips for other classes, etc). Please read this information and follow the instructions carefully! The policy can be found at:

<http://www.dixie.edu/humanres/policy/sec5/523.html>

**Classroom expectations and Participation:** It is the responsibility of an instructor to manage the classroom environment to ensure a good learning climate for all students.

You will have the opportunity to earn 50 points for participation in class discussions and for allowing others the same privilege. You could lose points by showing any “disrespect” to anyone in the class, talking out of turn, not participating in group discussion, being tardy, absences (-4 for absences on the day of a presenter), or late assignments. If you show any blatant “disrespect”, you will receive a zero for participation and may not be able to attend class. At the end of the semester a complete evaluation of your participation will be conducted and a point total will be tallied. For more details, please see the **disruptive behavior policy** at: <http://www.dixie.edu/humanres/policy/sec3/334.html>

**Disability Statement:** Students with medical, psychological, learning or other disabilities desiring reasonable academic adjustment, accommodations, or auxiliary aids to be successful in this class should contact the **Disability Resource Center** Coordinator (Baako Wahabu) for eligibility determination. Proper documentation of impairment is required in order to receive services or accommodations. DRC is located in the North Plaza Building. Visit or call 652-7516 to schedule appointment to discuss the process. DRC Coordinator determines eligibility for and authorizes the provision of services.

**Academic integrity:** In order to ensure that the highest standards of academic conduct are promoted and supported at the University, students must adhere to generally accepted standards of academic honesty, including but not limited to, refraining from cheating, plagiarizing, falsification, misrepresentation, and/or inappropriately colluding or collaborating. The University shall consistently hold students accountable for instances of academic dishonesty and apply appropriate consequences. For more information, see the Student Academic Misconduct section of DSU policy at <http://dixie.edu/humanres/polstu.html>

By being a DSU student, you have agreed to adhere to the campus policy. By taking a class in the Department of Social and Behavioral Sciences', you have agreed to comply with the department rules for honesty and will be asked to sign that you are in agreement. The department policy is intended to supplement, and not replace, the official Dixie State University official policy on academic honesty and discipline. See a copy of the Department of Social and Behavioral Science Policy on this classes Canvas page.

## Assignments

### 1. Distinguishing Characteristics of the Social Work Profession

Copy this table and complete it. Show the differences, not similarities between the different disciplines/professions. If needed, ask professionals or go online to find the information. **Only show the differences**, and include one-two statement(s) in each box.

	SOCIAL WORK	PSYCHOLOGY	SOCIOLOGY	PSYCHIATRY
PROFESSIONAL DEGREE MOSTLY USED IN FIELD				
TYPICAL CLIENTELE UTILIZING SERVICES				
PRIMARY PHILOSOPHY OF THE PROFESSION

### 2. Visit an agency where social workers work

Visit a local social service agency that provides services in any of the following fields of practice: family and child welfare, addictions, health care, mental health, disabilities, services for older individuals, services for minority populations, and correctional services. Choose an agency that employs a professional social worker. Set up an appointment with the social worker for an interview and find responses to the following questions. (Number each answer and write these questions above your responses.)

- (1) Name the agency
- (2) State in three to four sentences the purpose of the agency
- (3) Summarize the types of services that are provided to satisfy the needs of clients at that agency. (One paragraph)
- (4) What are the roles and functions of the social worker? Name at least six.
- (5) What qualifications (including licenses) would be needed for a social worker to get employed by this agency?
- (6) Identify four ways that a client could meet their needs instead of going to this agency. For instance; A patron of the food bank could get food from a soup kitchen.
- (7) How does this agency get funded?
- (8) What are at least two factors that would determine the salary-range of a social worker in this agency?

### 3. Volunteer in the Social Work Field

The primary objective of this assignment is to understand the role and functions of social workers in various fields of social work practice. Spend at least two hours in a social work experience. You must first clear your experience with the instructor. After your experience, write at least one and a half pages, typed and double spaced, labeling and numbering each of the sections of the paper with the following;

- (1) Name the agency or event
- (2) State in three to four sentences the purpose of the agency or event
- (3) Describe the roles of the volunteer or the roles of the social worker in such a setting.
- (4) Why were these roles needed?
- (5) What did you learn in your volunteer experience? Write at least one paragraph.

**OR**

### Attend a Seminar in the Social Work Field

The primary objective of this assignment is to experience instruction outside the college setting in the field of social work. Number each section of the paper and write the statement above your responses. Total length of the paper is one page and a half, double spaced, type written.

- (1) Include a copy or the actual seminar flyer.
- (2) Name a local agency that provides services in the topic discussed in the seminar.
- (3) Identify the speaker or speakers. Summarize in one type written page the things that you learned from their instruction.
- (4) In at least one paragraph, explain how this could benefit what a social worker does in the field of practice.

### 4. Team Project:

#### **Option #1**

As a group of 3-4 students, teach part of a chapter or a whole chapter from our textbook, "The Evolution of Social Welfare and Social Work in the United States". (Speak to me about which chapter you will teach.) You will turn in your presentation slides to me (if used), but will not be graded on them. Please do not read the power points, but rather teach the concepts by telling stories, showing videos, or doing a demonstration. **All members of your group will receive full points on the group assignment. No paper will be written.**

#### **Option #2**

As a group of 3-5 students, ask a person in the community to come and present to our class. The presenter will discuss their experience in the field, sharing information about their job and about the people who they serve. You will not be graded on the presenter's delivery or information. You will be graded on your paper (one page, double spaced, type written). The paper will be written about your analysis of the group process. Number and put the following questions at the top of each section;

- (1) How was the group formed? Was there a leader, and how was this person chosen? If there was no team leader, describe in one paragraph why one or two people dominated the planning and directing? Discuss personalities and/or group dynamics.
- (2) List and briefly describe two aspects of the group that you liked?
- (3) List and briefly describe two aspects of the group dynamics that you did not like?
- (4) List and discuss two positive outcomes of working in a group?

## **5. Chapter Opinion Papers- Six Total**

Discuss your opinion about the concepts in the chapter. Your paper must be one full page (500 words), double spaced, type written. Comment about why you agree or disagree. Discuss why you believe the concept is so important to you. You can relate the information to a current experience, to your work, to a social problem, to a controversial issue, to a political issue, or to a family member's past experience or situation. I will look for sentences beginning with "I" or "My..." In summary, this is "your reaction to the material".
