COURSE DESCRIPTION

This course will provide you with a broad, general introduction to social psychology - its basic subject matter, its approaches to gathering and evaluating evidence about the social causes and correlates of behavior, and also the means by which social psychological knowledge can be applied to improve the quality of individual and communal life.

COURSE OBJECTIVES

Learning objectives represent what you will be expected to learn in this course. These learning objectives are posted on blackboard.

REQUIRED TEXTBOOK

Social Psychology and Human Nature (2nd edition) by Roy F. Baumeister and Brad J. Bushman
ISBN: 978-0-495-60133-3

CLASS POLICIES

1. Check blackboard regularly as I will be posting updates and announcements. In addition, you will need to interact with your classmates via writing and replying to discussion threads.
2. Know when due dates are (quizzes, final paper, discussion threads).

QUIZ POLICY

All quizzes will be online via blackboard. You will have one hour to complete the quizzes from the time you open the quiz online. Please use both the book and any other supplemental material (my lecture notes, your own notes) that will help in answering the questions. You will have one day to take the quiz and one hour to complete. The dates are listed below. Please contact me asap if you have any questions regarding this.

EARNING POINTS IN THIS COURSE

1. Quizzes

Seven quizzes will be assigned. Each quiz is worth 100 points.

700 pts.

2. Discussion threads.

As with many online courses, it can be difficult to make up for the thought provoking and many times lively discussions that occur in the typical lecture based course. The goal of discussion threads for this course is to instigate critical thinking about the many topics in this particular subject. We can all gain a lot more insight about entertaining the many different perspectives we all have on these topics!

Each week I will post a question related to the chapter we are on. You will be required to post a reply/answer to my question (using the textbook to answer). **Your reply to my question will need to be submitted by Wednesday midnight.** In addition, you will also be required to reply to at least 2 other discussion threads that have been posted by your classmates. **You must make sure that your two classmate submission replies are submitted by Friday midnight.** The reason why I am requiring that your thread submission to my question be submitted by Wednesday as opposed to Friday (as your classmate submissions are) is so that we all have enough submissions to reply to. I have found in previous semesters that with our busy schedules it can be easy to wait till Friday (deadline day) to post all 3 submissions. This defeats the purpose as the submissions and replies are rushed and general. We need enough time to engage in critical discussions with one another.

Each week of threads is worth 15 pts (5 pts per thread submission).
15 pts per week x 15 weeks = 225

225 pts.
